

Aluminium towards sustainability

The European Aluminium Association, EAA presents its new update of Sustainable Development Indicators and other activities

Copenhagen - DTU, 11 december 2007

EAA · Aluminiumrikt Sverige · DTU · Aluminium · Danmark

Meeting venue: DTU DK-2800 Lyngby,
Meeting room 2, first floor, build. 101, main entrance A

Programme:

- 09:00 – 09:30 **Arrival & registration - Meeting venue: DTU DK-2800 Lyngby, Meeting room 2, first floor, build. 101, main entrance A**
- 09:30 – 09:40 **Welcome & motivation of SDI Seminar (EAA PA/Com)**
- 09:40 – 10:20 **Sustainable Development Indicators [SDI] for the European Aluminium Industry**
Eirik Nordheim, Director Environment, Health and Safety
- SDI Achievements & future progress
 - Special focus: Energy - new virgin hydropower - Greenland
- 10:20 – 10:50 **European Aluminium industry on CO2 & Cars**
Bernard Gilmont, Building & Mass Transport Director
- Sustainability in road transport - challenges
 - Potential of aluminium applications
- 10:50 - 11:10 Break
- 11:10 - 11.30 **Recycling - closing the gap between use and sustainability**
Jim Hansen, Secretariat Aluminium DK
- Impressive results with implementation of new recycling technology
- 11:30 – 12:00 **Environmental Product Declarations**
Bernard Gilmont, Building & Mass Transport Director
- Presenting the new "EPD-calulator"

12:00 – 13:00 Lunch

13:00 – 13:30 **New danish EPD scheme - MVD.DK**
Kim Christiansen, Project manager Danish Standards

- Life Cycle thinking - from Type III Enviromental declarations to carbon footprint!

13:30 - 14:30 **Nordic Approach and LCA network**
Michael Søgaard Jørgensen, associate prof., Michael Hauschild, associate prof. Technical University of Denmark, DTU

- Networking towards sustainable development - the nordic approach

Arctic innovation and Sustainability
Ulrik Jørgensen, Professor DTU

14:30 - 15:00 **Aluminium for Future Generations**
EAA, PA/Com

- Evaluation and future progress
