Free your thoughts and think in new ways! Create the perfect aluminium packaging.

Enter the Packaging Design Competition 2010. The competition invites Nordic designers, design engineers and architects to free their thoughts and think in new ways. The mandate is to create exciting and practical packaging wholly or partly in aluminium. You can create moulds, cans or foil packaging - or something completely new.

The designer of the most successful entry will receive a prize of SEK 25,000, with two runner-up prizes of SEK 10,000 and SEK 5,000.

Preregister today for the competition by mailing your name and e-mail address to info@aluminiumriket.com

Competition entries must be postmarked no later than 1 October and sent to:
AluPro Nordic, c/o Aluminiumriket Sverige, Framtidsvägen 10 A, 351 96 Växjö

Entry forms, competition rules and further information will be found at
